MERCURY

Murata **Micro**Battery for watches

High quality, high performance

Murata has been the sole manufacturer of Sony branded watch batteries since our acquisition of Sony's micro battery business in 2017.

With the introductions of the SR series, we are launching our own line-up of micro batteries for watches.

MicroBattery

Silver oxide (SR) battery with high reliability & technical performance

- ▀ **World's first mercury-free silver oxide battery (2004)**
- ▀ **World-class anti-leakage performance**
(achieved using a unique manufacturing process)
- ▀ **Worldwide sales exceeding 10 billion units**
